SOAR LearningWorks is a Project Management Institute® (PMI) Authorized Training Partner® (ATP), recognized for delivering quality project management education. If this course inspires you to pursue the PMI-Agile Certified Practitioner (PMI-ACP®) certification, our professional certification exam prep boot camp is designed to take you from foundational knowledge to exam-ready.

WHAT YOU GAIN

- 4 hours of in-person or virtual instructor-led training on agile principles and methodologies
- Project templates that can be implemented immediately in your organization
- Certificate of Completion

SCHEDULING OPTIONS

Multiple scheduling formats are available to align with your work and personal commitments, including a daytime, evening and weekend courses. Choose the schedule that works for you!

ABOUT THE SOAR FOUNDATIONS SERIES

The SOAR LearningWorks Foundations Series offers practical, four-hour introductions to the core disciplines of project management, agile practices, and organizational change management. Designed for professionals at any stage of their career, each course delivers immediately applicable knowledge with no prior experience required.

COURSE POLICIES

Course Retake Policy: SOAR offers a complimentary course retake opportunity for certification preparation programs. Participants who complete one of SOAR's certification preparation programs (does not include Foundations courses) and do not pass the certification exam on their first attempt may attend one future session of the same course at no additional cost, provided the class is not full and seats remain available. **Note:** Verification of the first exam attempt failure is required to qualify for a course retake.

Course Refund Policy: All training purchases are final and non-refundable. Please review course details carefully before registering. If SOAR cancels a training, registrants will receive rescheduling options.
