4-Hour Foundation Courses

SOAR's **4-Hour Foundation Courses** are the perfect starting point. They're beginner-friendly, and packed with immediately applicable skills.

FOUNDATIONS IN PROJECT MANAGEMENT (4 HOURS)

Demystify project management from the ground up. Learn how projects are structured through the PMBOK® framework and walk away with tools you can apply to real work on day one.

FOUNDATIONS IN AGILE PRINCIPLES AND PRACTICES (4 HOURS)

Unlock the power of agile methodologies to boost problem-solving and adaptability in the workplace. Learn frameworks like Scrum and Kanban and apply them to real-world scenarios that build collaboration and flexibility.

FOUNDATIONS IN CONSTRUCTION PROJECT MANAGEMENT (4 HOURS)

Most cost overruns and delays trace back to incomplete planning before work ever starts. Learn to score a project's scope, manage cost-schedule-scope tradeoffs, and close planning gaps before they become jobsite problems.

FOUNDATIONS IN ORGANIZATIONAL CHANGE MANAGEMENT (4 HOURS)

Change is inevitable, but knowing how to navigate it is a skill. Learn the key processes that drive successful change and gain practical tools to lead yourself and others through uncertainty.

FOUNDATIONS IN RESPONSIBLE AI ADOPTION (4 HOURS)

You don't need to master AI. You need to master the decisions around it. Get a practical, non-technical grounding in spotting high-value use cases, protecting data, and building a framework for oversight you can trust.
